## Overview

---

Cast4k is a media streaming application supported on Android devices, including mobiles, foldable, tablets, and TVs. This guide provides a step-by-step walkthrough of the app's features and navigation.

## Load Profile

---

### Step 1: Share MAC Address

- Open your device settings.
- Locate your MAC Address.
- Share your MAC Address with the service provider.
- Step 2: Wait for Profile Creation

### Step 2: Wait for Profile Creation

- The service provider will create a profile for you. You will receive a Profile Name (Example: C4K ).

### Step 3: Load Profile

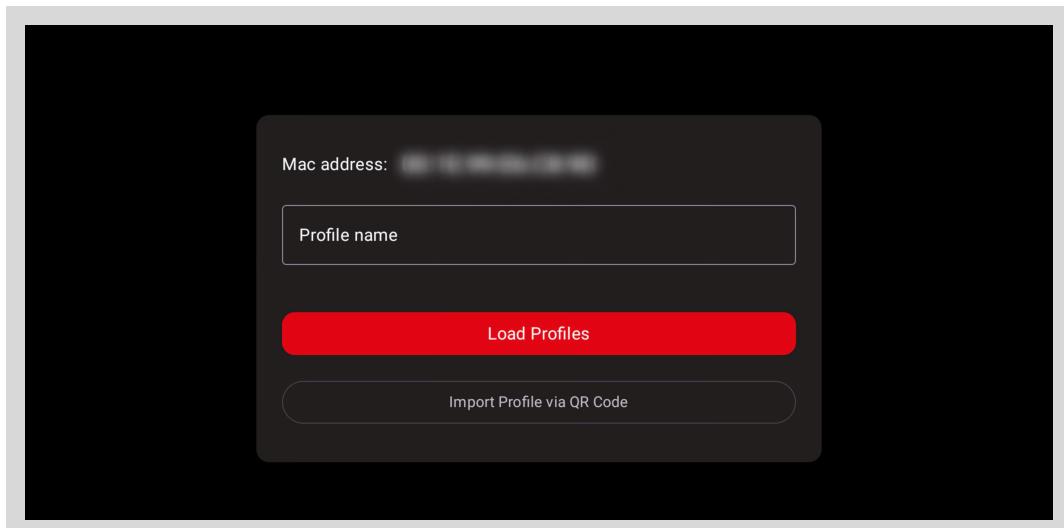

- Open the Cast4k application. On the Load Profile screen, enter the provided Profile Name.

*(Optional)*

*Tap on Import Profile. Scan the provided QR Code. Complete the OTP-protected process to successfully load the profile.*

### Step 4: Portal Loading

- After entering or importing the profile, the portal will start loading automatically.

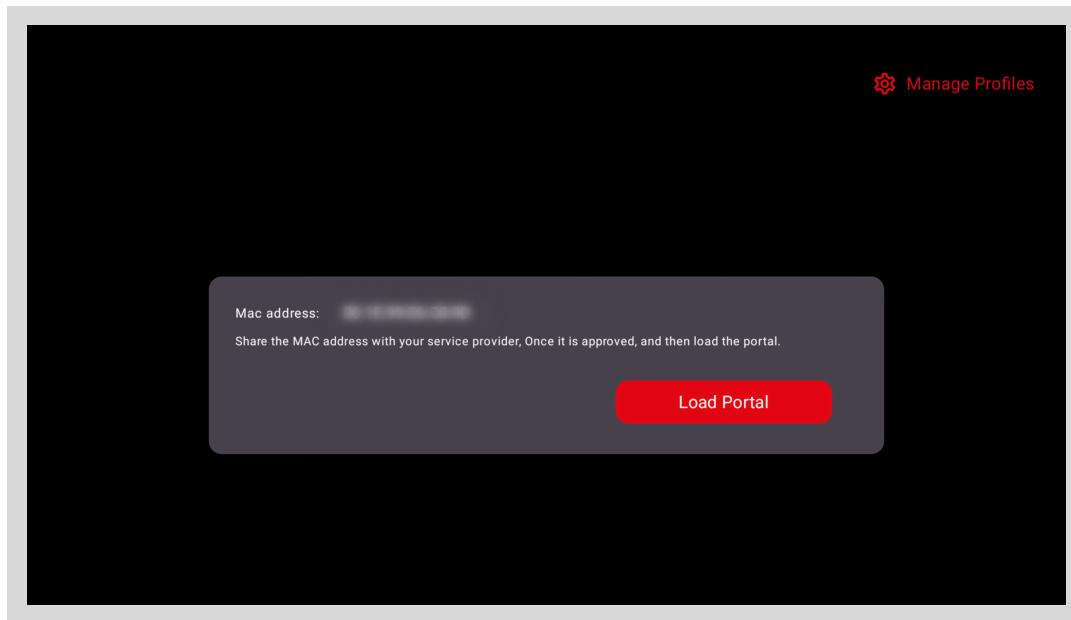

## Portal Loading Outcomes

**Success:** You will be navigated to the Home Screen smoothly.

**Error:** An Error Screen will appear.

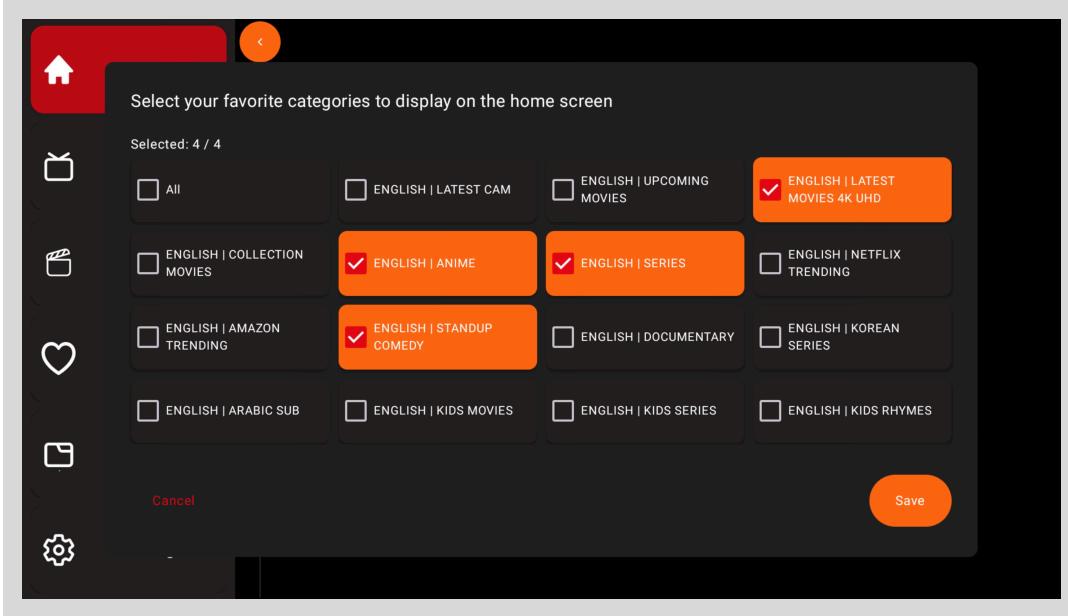

*You can: Contact your service provider. Tap Retry to load the portal again.  
Tap Choose Portal to select from multiple portals if available*

## Home Screen

### Initial Setup: Select Favorite Categories

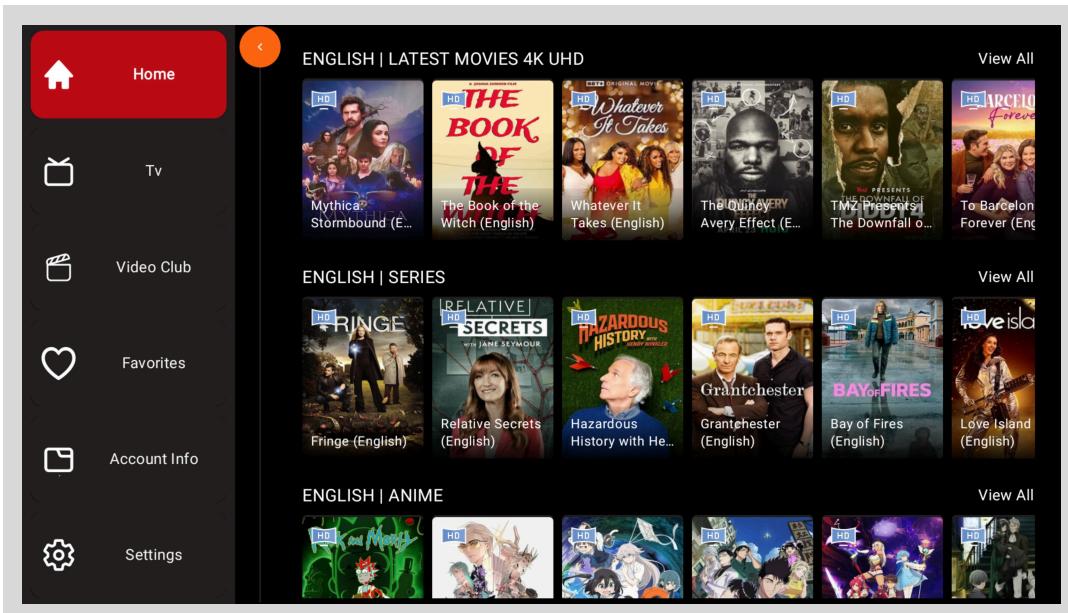

- On your first login, a dialog will appear
- “Select Your Favorite Categories”
- You can select up to 4 categories to display on the Home Screen.
- You can also skip this step if you prefer.

### Home Screen Layout

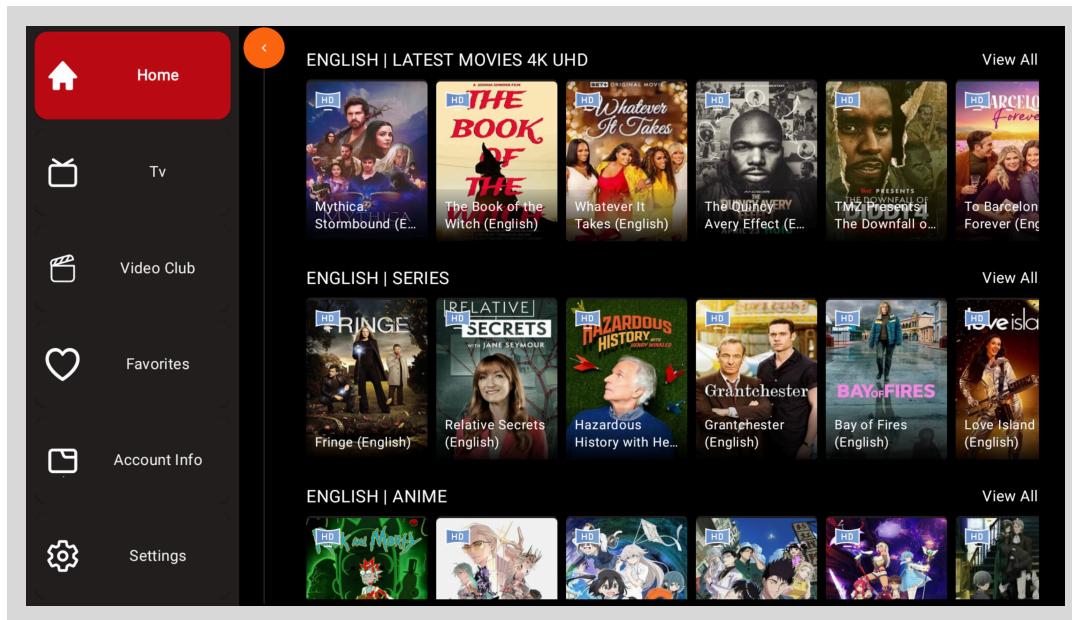

The Main Screen consists of three sections:

- **Left Panel:** Main navigation menu.
- **ArrowButton:** Expand or collapse the left panel.
- **Right Panel:** Displays content based on your selection.

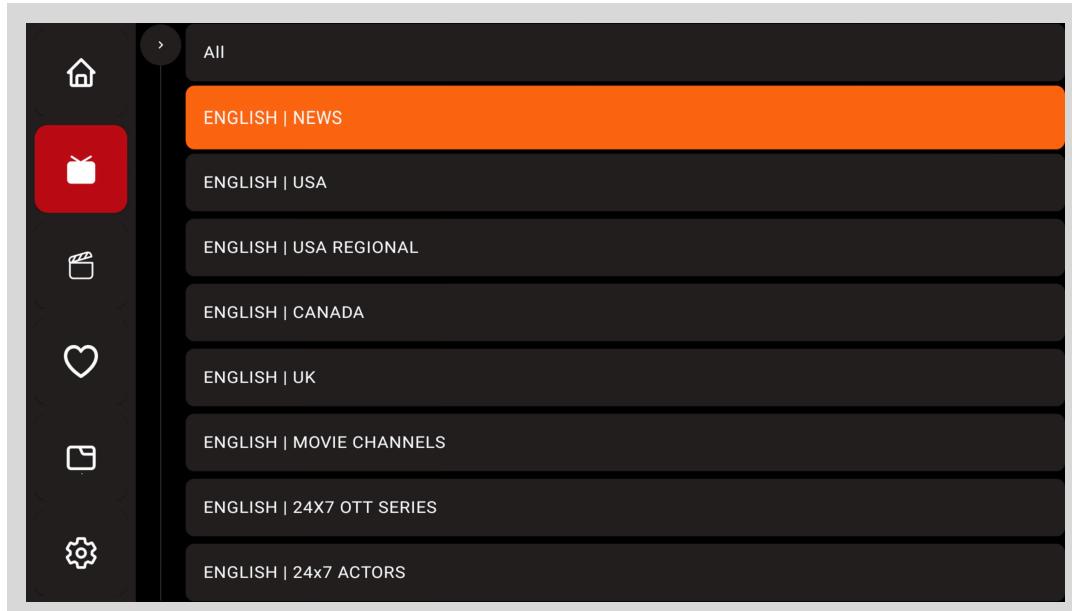

## Home Content

- Displays the 4 selected categories (first page with images and titles). Shows Continue Watching - Live TV and Continue Watching - VOD.
- Option to Clear Watch History for VOD and Live TV. Tap View All to explore full categories.

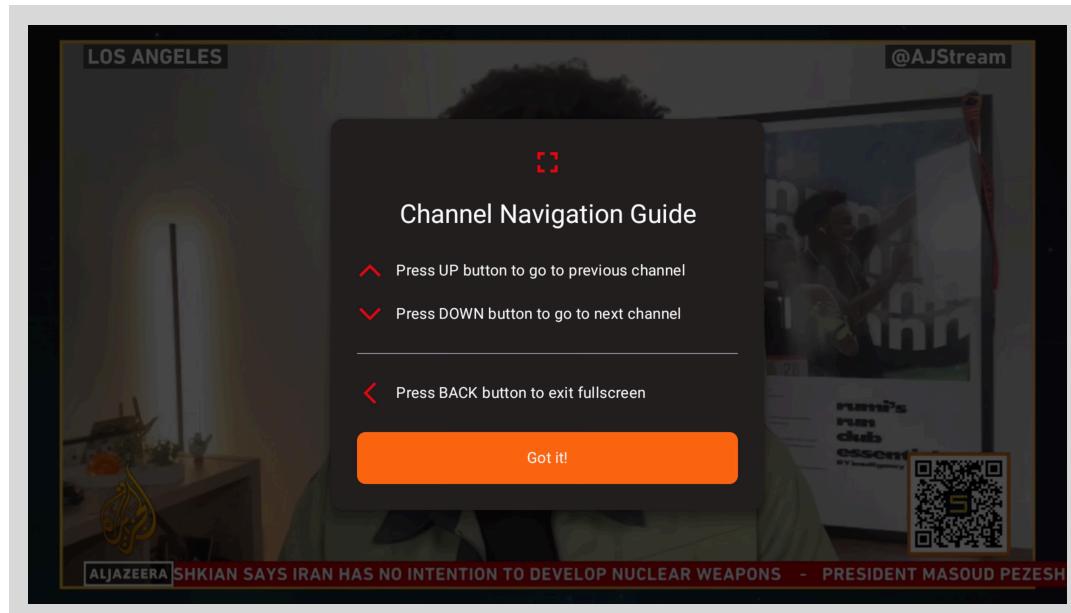

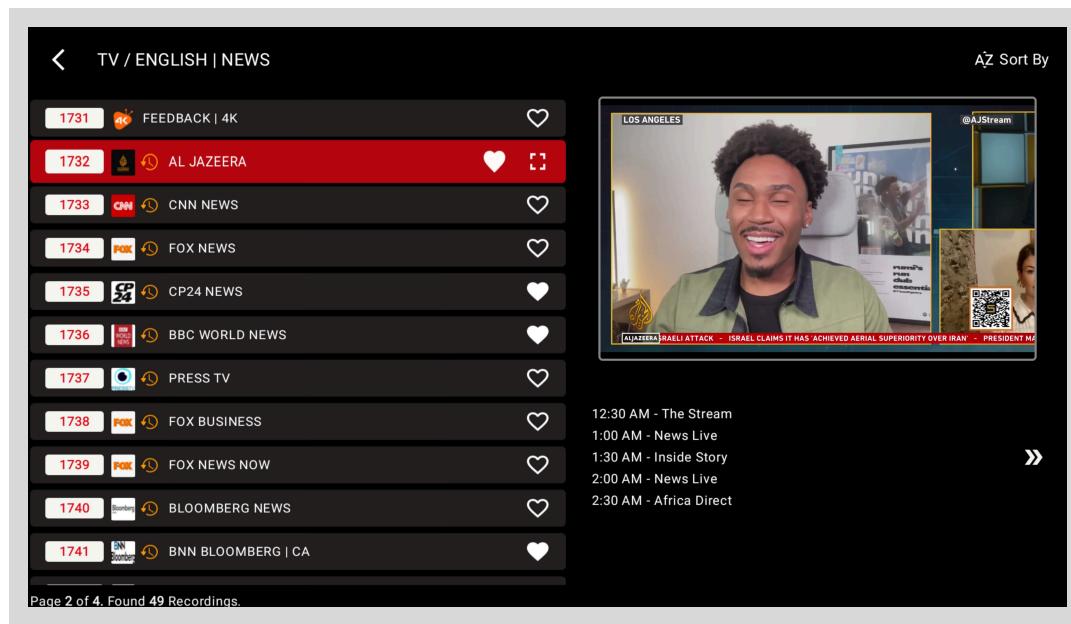

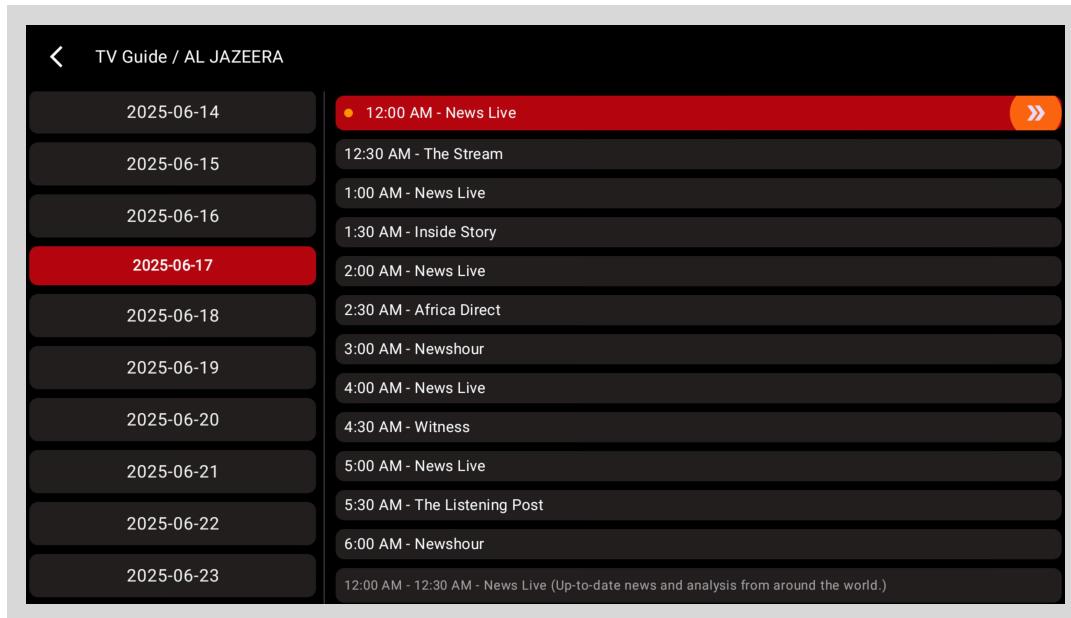

## TV Content

## TV Channels Listing & EPG

- User can Browse a list of channels.
- A small preview player plays the selected channel.
- Below the player, see latest EPG (Electronic Program Guide). Access full EPG screen for catch-up playback.
- Tap the preview player to enter Full-Screen Mode.
- Tap full-screen to exit.

## Parent Control Protection

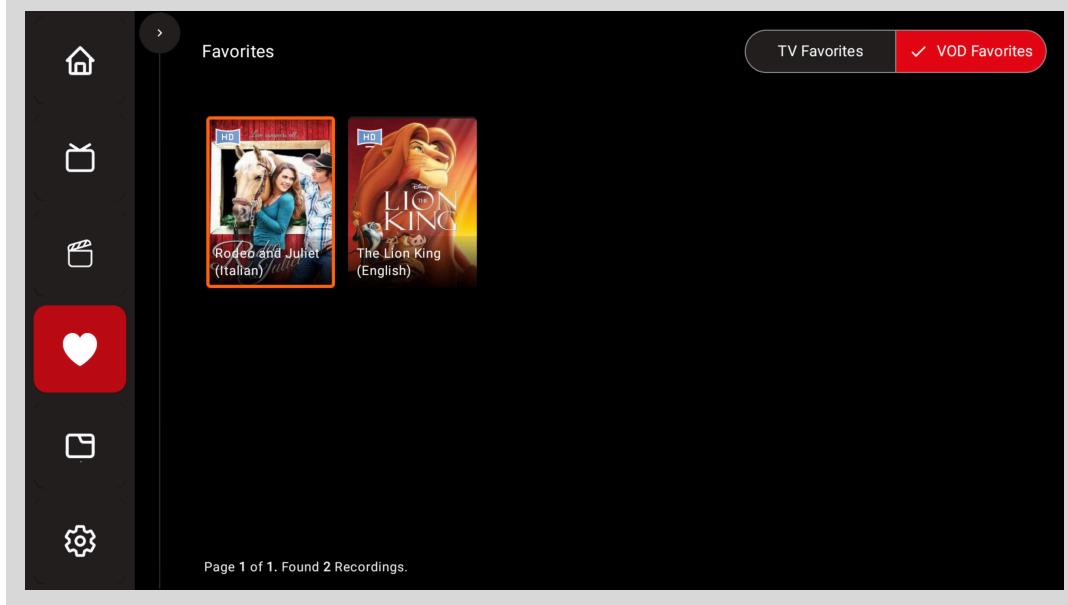

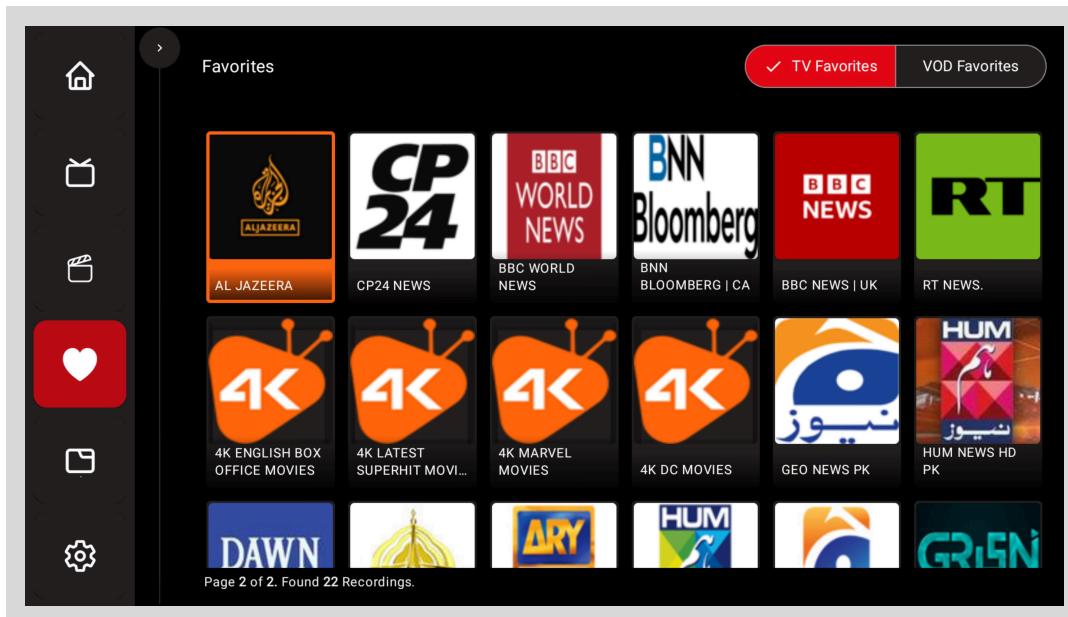

The image shows a mobile application interface with a dark theme. On the left, there is a vertical sidebar with icons for Home, TV, and Movie categories. The main content area is divided into three horizontal sections, each representing a movie category:

- ADULT | GENERAL** (Locked): Includes categories like ADULT | HINDI, ADULT | INTERNATIONAL, ADULT | SOFTCORE, ADULT | VINTAGE, ADULT | LGBTQ, ADULT | CELEBRITY, ADULT | SERIES, GERMAN | MOVIES, and GERMAN | SERIES.
- ADULT | INTERNATIONAL** (Locked): Preview cards for "Hungarian: Hungry Sister", "Hungarian: Titties and Pus...", "Hungarian: Sophie Lynx in...", "Hungarian: Taboo Mezőj...", and "Hungarian: Slim... been mad".
- ADULT | SOFTCORE** (Locked): Preview cards for "Secret Campus", "Langtngit", "The Last Resort", "Woman on Top", and "Takas".
- ADULT | VINTAGE** (Locked): Preview cards for "Hungarian: Hungry Sister", "Hungarian: Titties and Pus...", "Hungarian: Sophie Lynx in...", "Hungarian: Taboo Mezőj...", and "Hungarian: Slim... been mad".

Each preview card features a thumbnail image, the movie title, and an HD quality indicator. A "View All" button is located in the top right corner of each section.

## Favorites Content

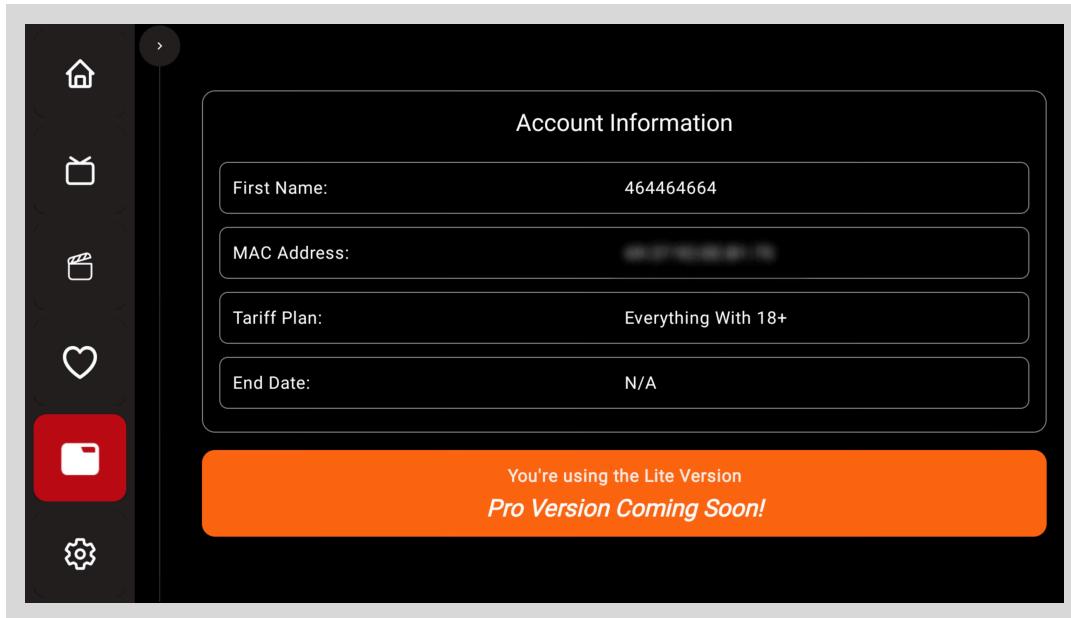

- Two options on the top right:  
Favorite TV Channels | Favorite VOD.
- User can view and play all favorited channels, movies, and series.

## Account Information Content

From Account information user can view

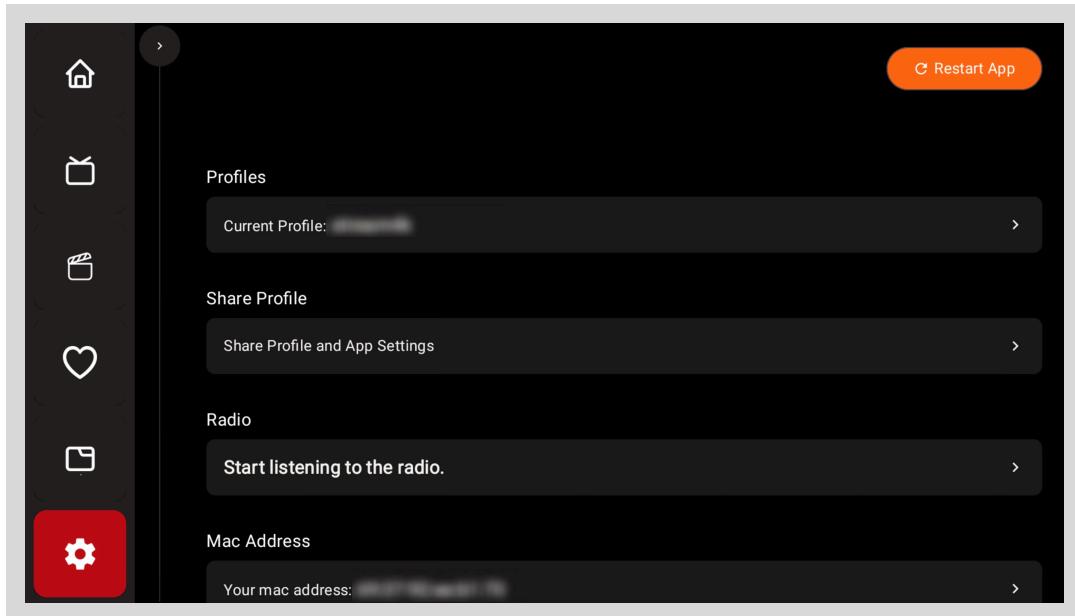

- User Details
- Package Details and expiry
- Device information (if imported from another device)

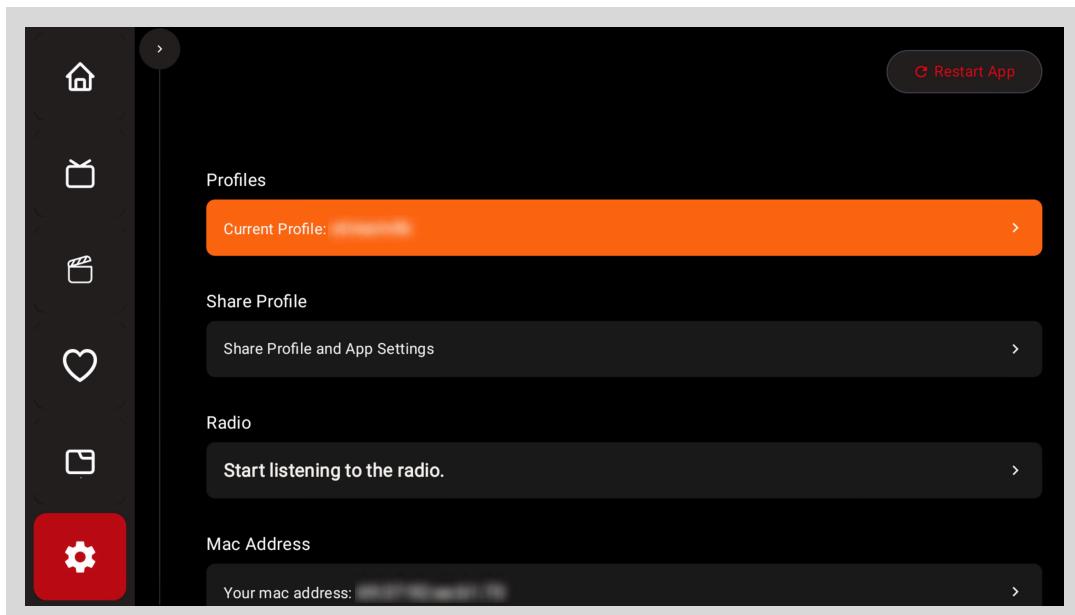

## Settings Content

From Settings panel user can

- Restart Application: *Reload app if needed.*

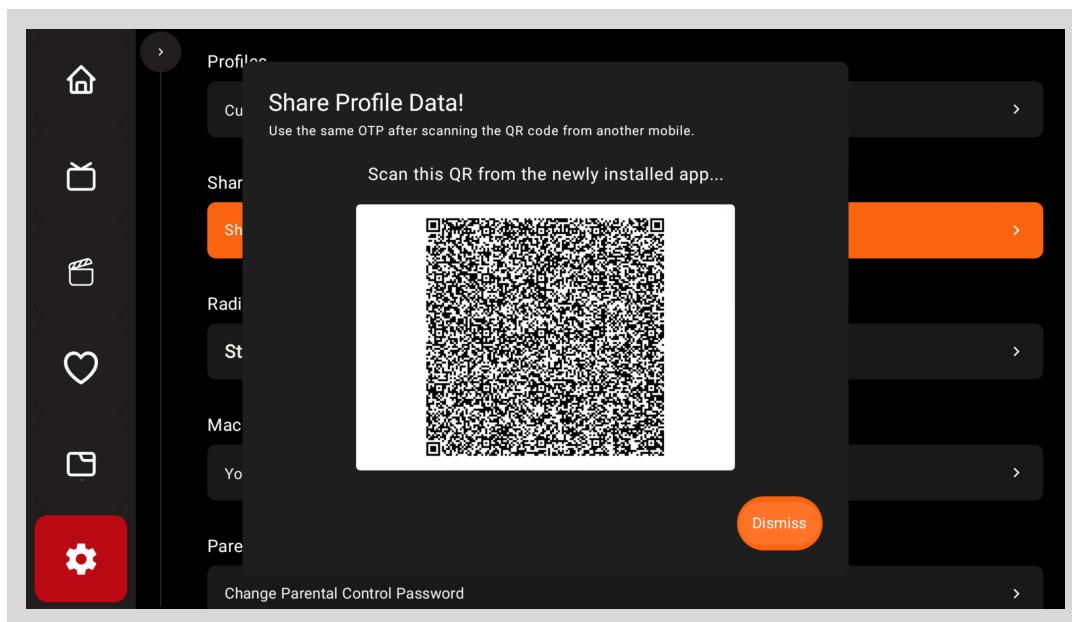

- Profile Management: View/change profiles if multiple exist.

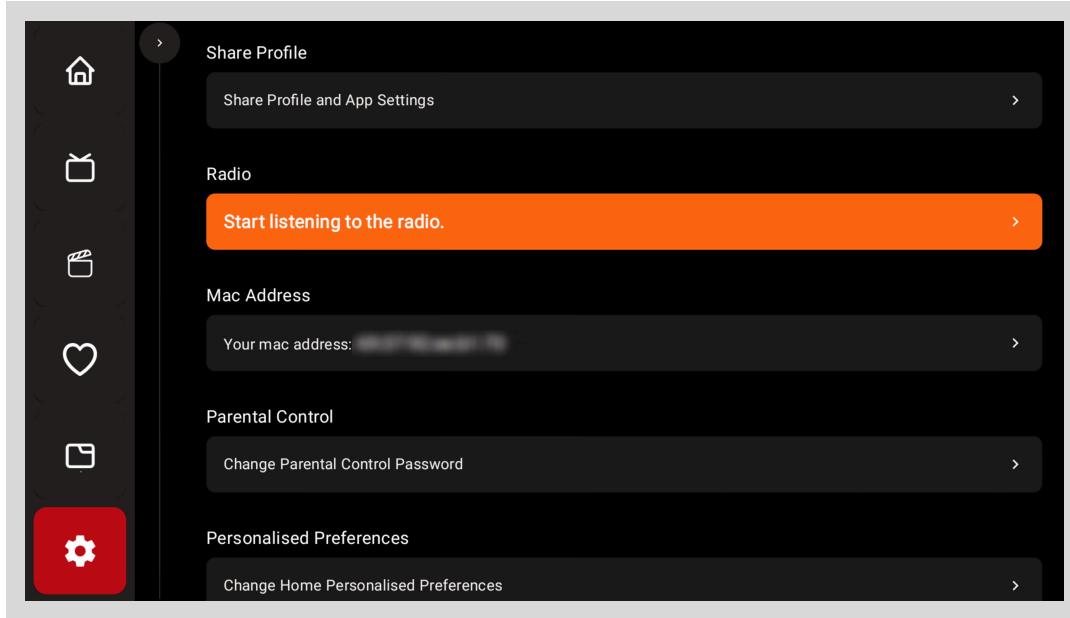

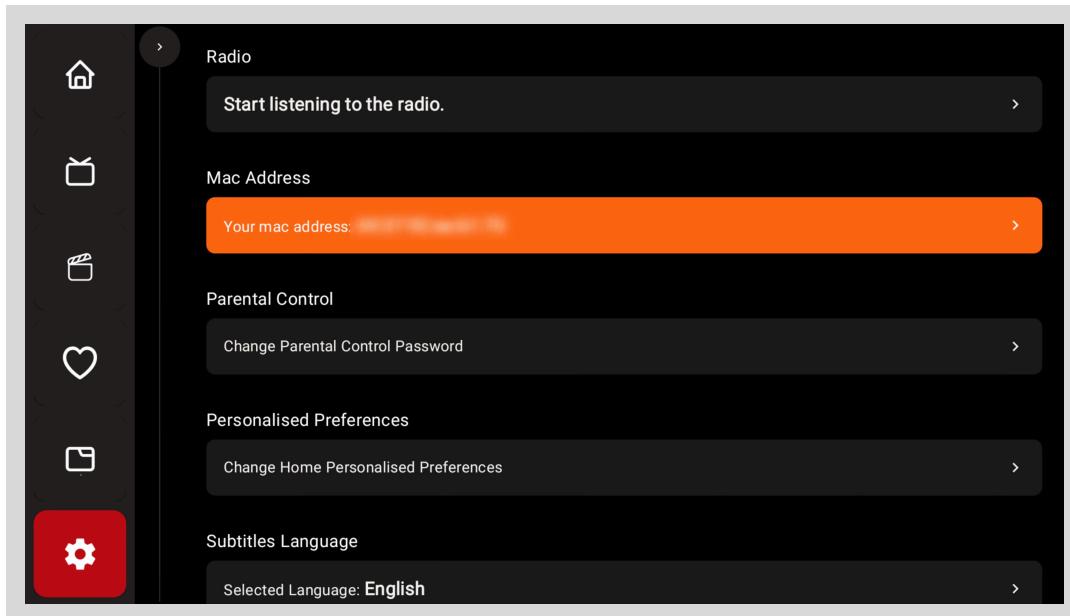

- Share Profile: Share profile via QR code (OTP-protected).

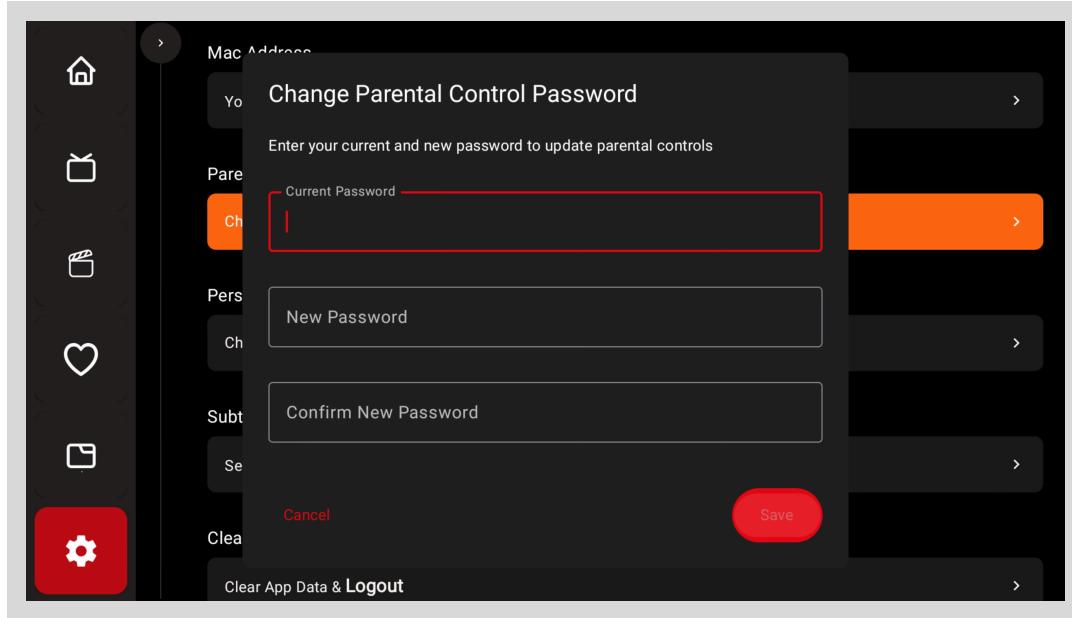

- Radio: Access and play radio.

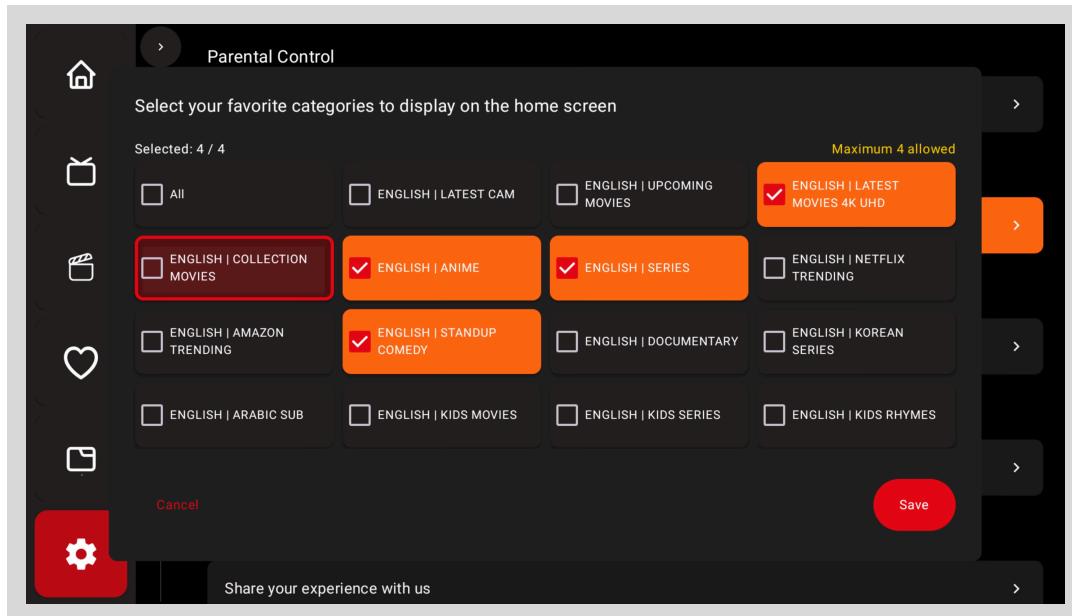

- MAC Address: Change MAC address (OTP-protected).

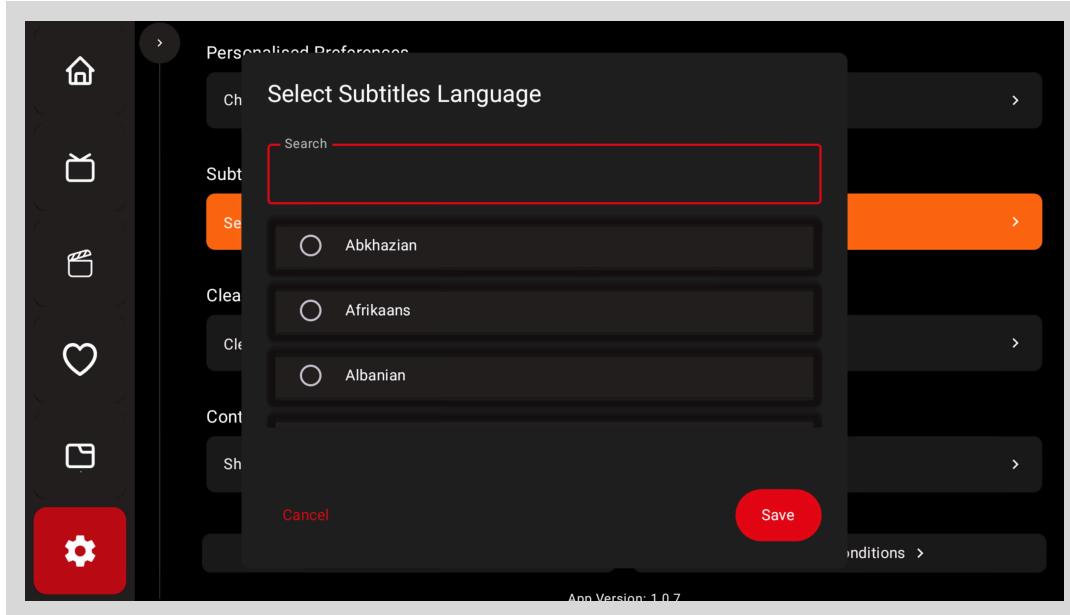

- Parental Control Password: Update the password.

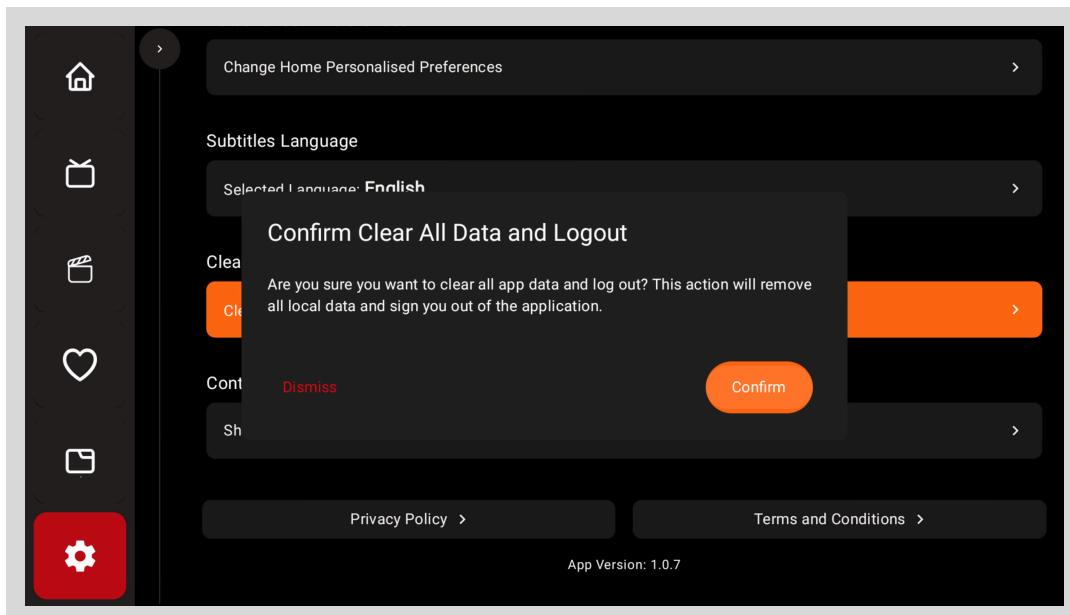

- Personalized Preferences: Update selected home categories.

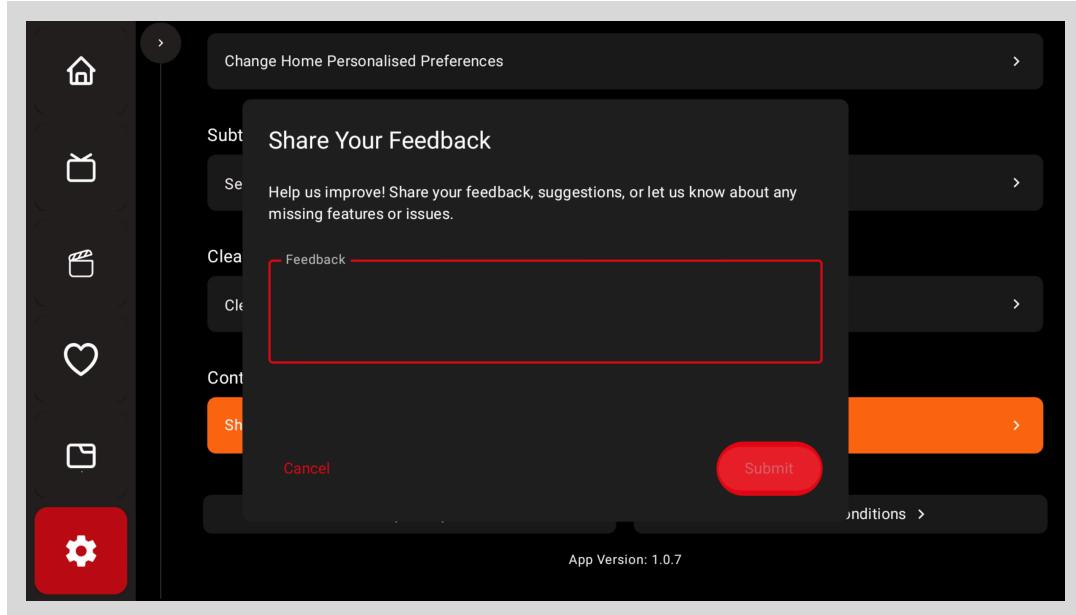

- Subtitles Language: Default is English; can be changed.

- Clear All Data & Logout: Reset preferences and logout.

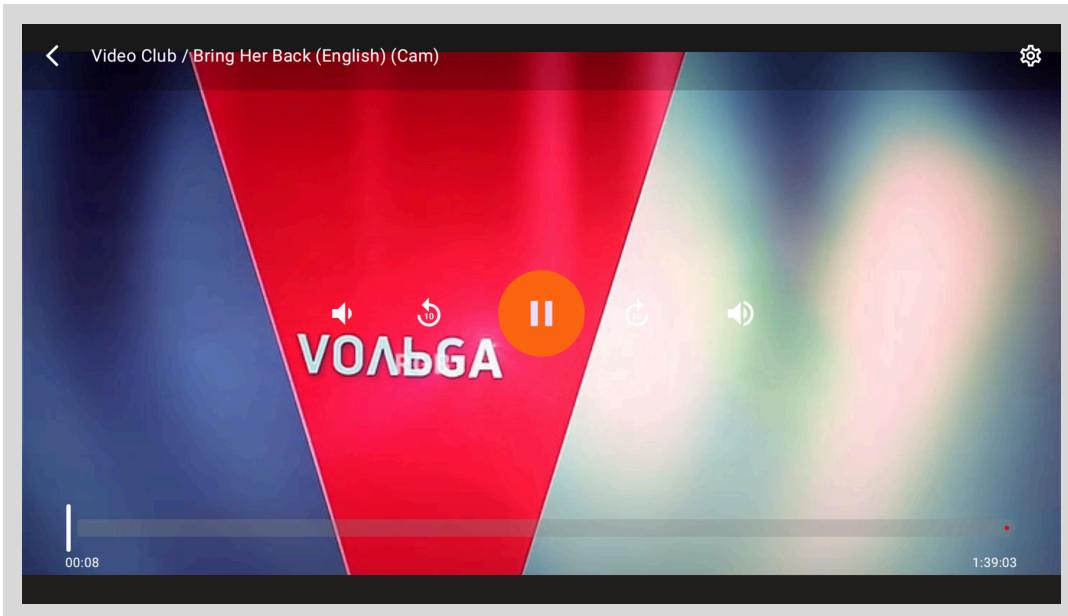

- Feedback: Submit feedback to developers.

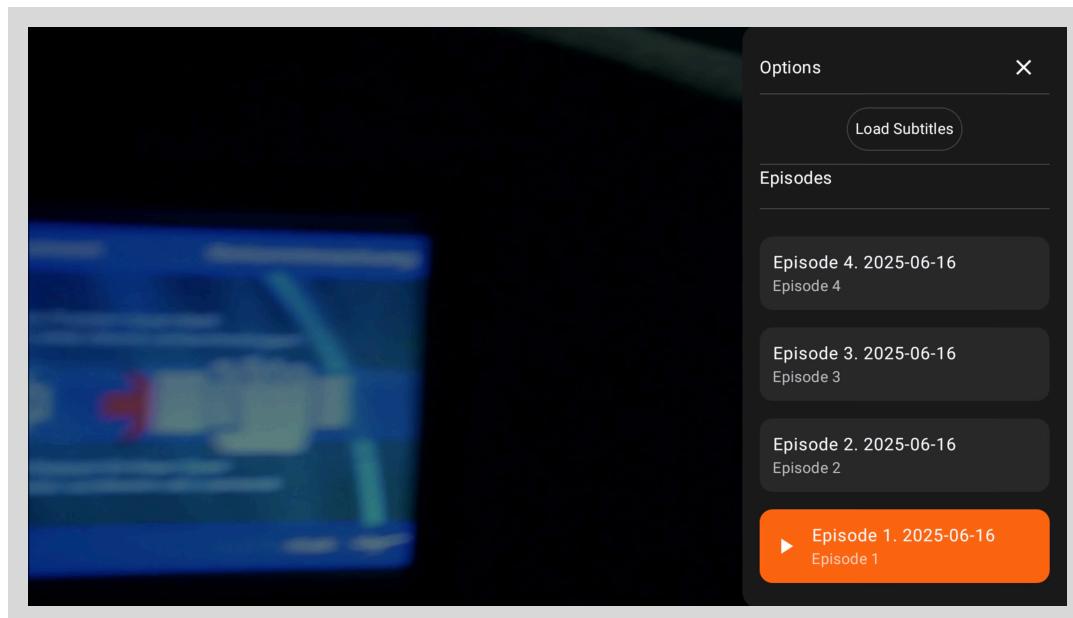

## Player Screen

Watch video content with the following controls:

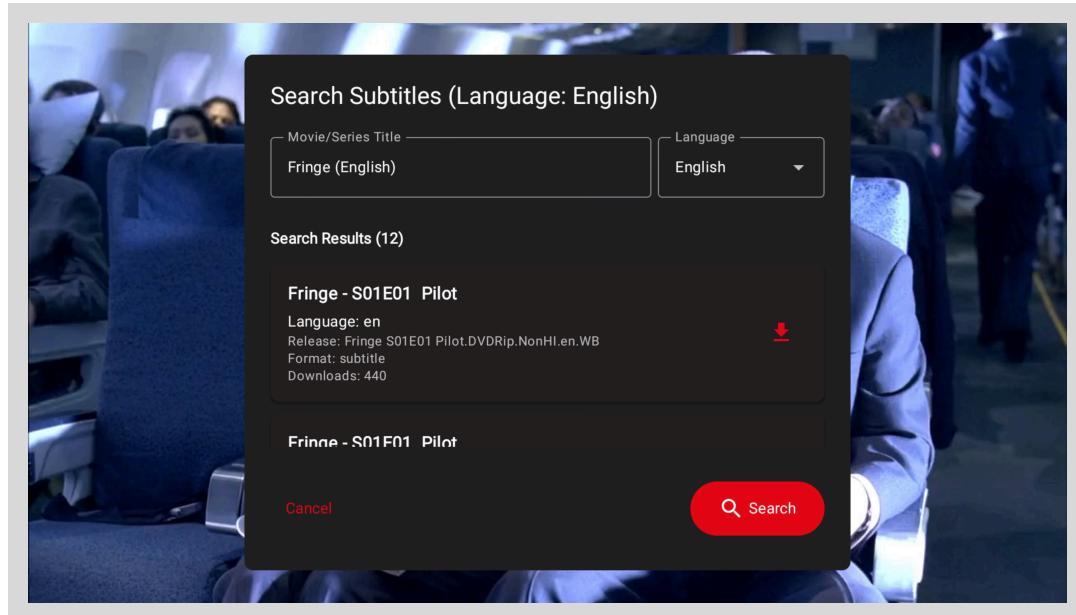

- Play, Pause, Forward, Replay, Volume control and Time progress bar (draggable for seeking)
- Top-Right Settings\Options Button

- From option icon user can view episodes list.

- User can load subtitles from options > load subtitles
